

**DISABILITY SERVICES REPORT FOR CILS ADVISORY COMMITTEE
JUNE 9, 2010**

- Disability Services (DS) Articulation met at Langara College on May 19th and 20th, 2010.
- The usability of the new format for the CILS report to DS Articulation (*Service Statistics for Presentation to the Disability Articulation Committee*) was appreciated.
- DS Articulation has compiled a list of Braille resources in Canada for BC Post-Secondary institutions to request Brailled materials for students, at a cost.
- The impact of the revised CILS Request for Reimbursement of Textbooks policy on students who do not meet the eligibility criteria for a reimbursement of the second textbook remains to be seen.
- CILS' continued direct contact with students is appreciated, specifically for new users who are able to test out different formats to find the optimal format.
